Address: 473, Manavta Nagar Indore, M.P.

Summary

Software Engineer with hands-on experience in building full-stack applications using the MERN stack and developing AI-driven solutions. Skilled in React, Node.js, Python, C++, and MongoDB, with experience in real-time applications, data-driven systems, and AI-powered platforms. Strong foundation in Data Structures & Algorithms, Object-Oriented Programming, backend development, and problem solving, with a focus on building scalable and user-focused software solutions.

Education

NMIMS Indore

B.Tech in Computer Engineering: CGPA: 8.63

Skills Summary

- **Languages** : JavaScript, Python, C++
- **Frontend** : React, HTML, CSS, Tailwind CSS
- **Backend & Database** : Node.js, Express.js, REST APIs , MongoDB
- **Tools** : Git, GitHub, Pandas, NumPy
- **Core Skills** : Data Structures, Object-Oriented Programming (OOP)

Training & Internship

- **Organization** : Infotact Solutions
- **Duration** : 3 Months
- **Role** : Associate L1 – Web Development Intern
- **Developed web applications using frontend and backend technologies, gaining hands-on experience in full-stack development and responsive UI design.**
- **Organization** : Samyak Computer Classes
- **Duration** : 6 Months
- **Role** : Python Instructor
- **Trained 50+ students in Python fundamentals through hands-on programming sessions, covering core concepts, problem-solving, and practical coding exercises.**

Projects

- **ProspectMiner AI**
Developed an AI-powered lead generation platform that scrapes Google Maps data and enriches business information using AI for efficient prospect discovery. **Link:** <https://prospector-ai.netlify.app/>
- **Huddle**
Built a real-time chat application using the MERN stack with secure authentication and Socket.IO for instant messaging and real-time communication. **Link:** <https://huddle-orgg.netlify.app/>
- **Caffinity**
Built a premium café discovery platform using React and Node.js, offering a modern interface for discovering cafés and exploring coffee experiences. **Link:** <https://caffinity.onrender.com>

Certificates

- DSA in C++ – Udemey
- Generative AI Certificate – upGrad & Microsoft
- Data Analytics Job Simulation – Deloitte
- React JS Course – Scaler

Achievements

- Built and deployed 6+ full-stack applications.
- Trained 50+ students in Python fundamentals.
